

Meeting Objective

This meeting is an opportunity for a group of diverse stakeholders to identify the key components of high-quality, high-value care.

Anticipated Outcomes

- Consensus recommendations on the quality agenda for the transplant community to pursue.
- Identification of pathways to increase value in HCT across centers and the field.
- A white paper based on the meeting proceedings that will be submitted for publication.

Aligning Quality and Value in HCT
July 15-16, 2015

Structure

- The meeting is structured to be a mix of presentations and working sessions.
 - Day 1: Quality
 - Day 2: Value
- Final Sessions: How do we make progress together?

Aligning Quality and Value in HCT
July 15-16, 2015

Participant Expectations

- Fully participate in all sessions.
- Challenge yourself to contribute to both the small and large group discussions.
- Take advantage of the diverse stakeholder group.
 - Ask questions and *listen to the answers*.
 - Find new points of shared perspective.
 - Identify areas for collaboration.
