

Evolution of Adult Donor Stem Cell Products for HCT and Implications for Current Practices

Saturday, November 10, 2018

3:30 p.m. – 4:30 p.m.

Speakers

Nicole Prokopishyn, PhD, Jack W. Hsu, MD

Session Objectives

At the conclusion of this session, attendees will be able to:

1. Assess the effectiveness of current and past stem cell product collection methods
2. Describe bone marrow product collection quality over time
3. Distinguish donor characteristics between donors who donate peripheral blood stem cells in one day versus two days

Conflict of Interest/Financial Disclosure

The planners and speaker(s) have disclosed the following financial relationships and/or conflicts of interest:

Nicole Prokopishyn, PhD	None
Jack W. Hsu, MD	None
Jennifer Sees, MPH	None

Misty Evans, DNP	Jazz Pharmaceuticals, Honorarium, Speakers Bureau
Stephen Spellman, MBS	None
