SECTION 4: Donor Verification and Authorization

- I have had the opportunity to ask questions about the information requested on this questionnaire.
- I understand that the requested information is important because if I am at risk for infection due to AIDS or other communicable disease agents or diseases, my donated cells may transmit these diseases to the patient receiving these cells.
- I have truthfully answered all of the questions on this questionnaire.
- I authorize the release of the information on this questionnaire to Be The Match® operated by the National Marrow Donor Program, its agents and representatives, and Be the Match® network or non-network centers, where the release of the information is used in connection with and to further the possible donation of my cells to a patient. I understand that any information identifying me will remain confidential. I also understand that the potential recipient of my donation may be advised of any communicable disease risks.
- I understand that authorizing this release of information is voluntary and that I can refuse to sign this document.

By signing I acknowledge that I have read, understand and agree with the above.
